

ALMI™ autologous lipocyte micronized injection

COURSE DESCRIPTION:

If you are interested in learning about the latest advanced bio-cellular techniques for treating a multitude of medical and aesthetic applications with platelet-rich plasma (PRP), Adipose-Derived Tissue Stromal Vascular Fraction (AD-tSVF), & stem/stromal cells in clinical practice, this course will be the perfect introduction to regenerative therapies.

During this introductory course, attendees will be presented with an overview of current scientific and clinical experience using the current techniques and protocols for various applications. Featuring state-of-the-art techniques and technologies for PRP & Adipose-Derived stem/stromal cell preparation along with bio-cellular enrichment with PRP.

Following a scientific presentation, attendees will observe two or more live patient demonstrations of closed syringe fat harvest, emulsification, and demonstration of PRP preparation for use to create biocellular treatment modalities.

LEARNING OBJECTIVES:

Upon completion of the activities, attendees should have a clearer understanding of and be able to:

- Discuss the scientific basis and logic of use of biocellular treatments in clinical practice
- Discuss the safety and efficacy of current and emerging trends for the management of multiple bio-cellular applications
- Understand uses of biocellular therapies and current cell-enrichment options
- How to get started in successfully integrating these technologies into your practice in the areas of: Facial Rejuvenation, Hair Restoration & Sexual Health

TARGET AUDIENCE:

This educational offering is intended as an introduction to Regenerative Medicine and will expose participants to current understanding of the treatment alternatives within point-of-care clinical practice.

It will be useful for all physicians and healthcare providers interested in biological and cellular therapies within **Biocellular Regenerative Medicine**.

REGISTRATION INFORMATION:

COURSE DATE: SUNDAY, JUNE 30, 2019

COURSE FEE: \$1,250* (*ALMI PROVIDERS RECEIVE 50% OFF)

LOCATION: 8930 W. Sunset Road, #140
Las Vegas, NV 89148

SPACE IS LIMITED! REGISTER TODAY TO ENSURE YOUR SPOT!

To Register, either go to www.almiprocedure.com
scan the code above, or call us at 805-499-4246

GROW YOUR PRACTICE WITH REGENERATIVE MEDICINE

Learn About Cutting Edge Technology with Platelet Rich Plasma (PRP), Micronized Adipose Tissue (tSVF), Stem/Stromal Cells

COURSE AGENDA:

8:30 - 9:00	Check In / Breakfast / Welcome
9:00 - 10:30	Didactic - Facial Rejuvenation
10:30 - 12:00	LIVE DEMO - ALMI Face
12:00 - 1:00	Lunch / Didactic - Hair Regrowth
1:00 - 2:30	LIVE DEMO - ALMI Hair
2:30 - 3:30	Didactic - ALMI Sexual Health

COURSE INSTRUCTOR: ED ZIMMERMAN, M.D.

Dr. Zimmerman is an internationally recognized Cosmetic Surgeon, author, teacher and pioneer in the use of lasers, light, fillers, toxins and regenerative medicine therapies in clinical practice.

Dr. Zimmerman is a recognized leader, lifelong student, teacher and innovator, with a passion for Cosmetic Surgery.
